

JOBE

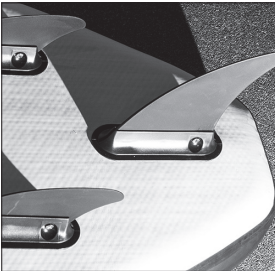

SURFSUP XL

INSTALL MANUAL XL FINS

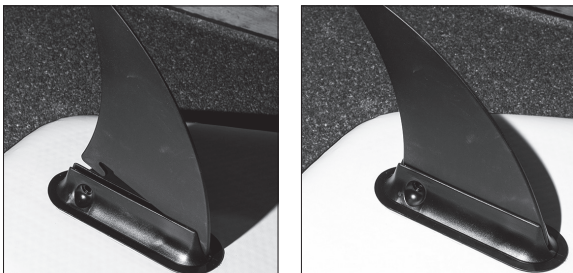

To install the fin you need
3 x Screw + Screw Nut
2 x Small fin
1 x Big fin

1. Place the big fin in the center and the two small ones on the side.

2. Place the front of the fin into the front of fin slot and slide it to the back. Make sure the screw lines up with the hole.

3. Place the angular screw nut on the side form the angular screw nut hole. Screw all screws fixed
