

**INSTRUCTIONS:**

Fill bag with gear, leaving enough space at the top of the bag for adequately closing.

- 1 Tightly roll down bag from the top a minimum of three times.
- 2 Connect top end buckles to side straps and cinch down.
- 3 Bring back straps forward and fasten to front buckles and cinch tight.

**WARNING:**

*This bag is not suitable for protecting from submersion.* Items such as optical, electrical or photographic equipment can be permanently damaged by submersion. All dry bags are designed to provide enhanced protection from rain and temporary contact with water. Dry bags are superior protection, but are not intended for long-term submersion. The user of this bag understands this warning and acknowledges that any damage to gear resulting from use of this dry bag is not deemed to be the responsibility of the Seattle Sports Company or the retailer selling this dry bag.

**ONE YEAR GUARANTEE:** Seattle Sports products have electronically bonded seams and are guaranteed for workmanship and materials for one year. Our high-quality fabrics, materials and construction provide outdoor enthusiasts with many dry and enjoyable adventures. Should this bag fail during its warranty period, Seattle Sports will repair or replace the bag at their discretion after product inspection. Please write Seattle Sports Company for a return authorization at 1415 NW 52nd St. Seattle, WA 98107. This warranty is void with commercial use, and in no event should the Seattle Sports Company be liable for incidental or consequential damages. Not intended for storage of optical, photographic or electrical equipment.
